***DETAILED ACTION******Allowable Subject Matter***

Claims 1-5 are allowed.

***Reasons for Allowance***

The following is an examiner's statement of reasons for allowance:

While the prior art of Kawamura and/or JP-08-107064 does describe introducing impurities into a substrate using a film patterns with apertures or openings, the prior art of record does not describe or suggest *inter alia* the invention of using a positioning mark or a level difference formation step for mask adjustments to implant the impurities, as claimed. The claims, therefore define over the prior art. Any comments considered necessary by applicant must be submitted no later than the payments of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
